SUMMARY

Entry-level software developer with Information Systems degree and hands-on experience building applications using Java-adjacent, object-oriented, and web technologies. Strong in data structures, algorithms, SQL, and problem-solving, seeking a structured path into enterprise software development.

EXPERIENCE

Web Design Intern | K&J Web Designs LLC

Jan 2026 – Present

Cleveland, OH

- Built responsive, well-structured websites using HTML, CSS, and JavaScript.
- Translated business requirements into technical specifications with stakeholders and clients.
- Diagnosed and resolved front-end defects to professional coding standards.
- Participated in code reviews, giving and receiving constructive technical feedback.

Freelance Web Designer | Rosafi.io

Jan 2025 – Present

Cleveland, OH

- Delivered custom websites for clients across multiple industries on deadline.
- Architected clean, efficient code using React.js, JavaScript, and Supabase.
- Maintained technical documentation and supported testing and production deployment.
- Communicated clearly with stakeholders to scope and ship project requirements.

EDUCATION

Bachelor of Business Administration, Information Systems | University of Cincinnati

2022 – 2026

Relevant Coursework: Data Structures, Algorithms, Databases, SQL, Object-Oriented Programming, Systems Architecture

Certifications: SQL, Global Career Accelerator, 2024; Python, Global Career Accelerator, 2024

PROJECTS

Resumaker | Python, JavaScript, Supabase

2025

- Built full-stack resume-generation app automating document creation for end users.
- Designed clean database schema and SQL queries for reliable data storage.

Buy3Get1 Website | HTML, CSS, JavaScript

2025

- Redesigned full website for a Cleveland small business client.
- Boosted website traffic by over 100% through optimized design and structure.

React Website | React.js, JavaScript, CSS

2024

- Built responsive single-page application using React.js component architecture.
- Shipped efficient, well-structured code meeting professional development standards.
